

Mill 4™ -12KT

A Full Tangential Shoulder Milling Solution

SPECIAL OFFER*

**BUY 10 INSERTS FOR EACH POCKET,
GET 1 CUTTER BODY **FREE!****

Kennametal's Mill 4-12KT requires up to 15% less horsepower, enabling increased feed rates even on 40 taper machines. Its proprietary insert design features a triangular shaped margin that provides unprecedented stability in steel and cast-iron applications and its minimal axial runout delivers excellent floor finish. With seven grades, seven corner radii and a depth-of-cut range up to 12mm, the Mill 4-12KT can bring new versatility to your shoulder milling applications.

Machinists can expect

- A proprietary insert design that delivers unprecedented stability in steel and cast-iron applications.
- A comprehensive portfolio that offers a wide range of standard inch and metric sizes.
- **NEW!** HD geometry and fine pitch cutters to further enhance performance.
